PowerGard™ Protection Plan:

Extended warranty protection for John Deere combines

Which combines qualify for the PowerGard Protection Plan?

New combines: All new John Deere combines qualify. When you buy a new combine, you can purchase a PowerGard Plan anytime from the date of delivery up to 95 days or 100 engine hours, for the lowest possible price. After this interval, you can purchase PowerGard Protection anytime up to 12 months or 1000 engine hours after the start of the John Deere basic warranty, for a surcharged rate.

PowerGard Certified pre-owned combines:

PowerGard Certified pre-owned combines in dealer inventory may also be eligible.⁴ For pre-owned combines, PowerGard Protection must be purchased at the time of sale of the unit. (Pre-owned combines that are PowerGard Certified by your local John Deere dealer have been thoroughly inspected with a 100+ point check of all main components and have passed detailed fluid testing and analyses.)

What does the PowerGard Protection Plan cover?¹
